Foreword vii

List of participants ix

Introductory paper

Are phytoplankton dynamics in rivers so different from those in shallow lakes?
by C. S. Reynolds, J.-P. Descy & J. Padisák 1

Contributions from the workshop

The long, the short and the stalled: on the attributes of phytoplankton selected by physical mixing in lakes and rivers
by C. S. Reynolds 9

Meroplankton dynamics in a saline, turbulent, turbid shallow lake (Neusiedlersee, Austria and Hungary)
by J. Padisák & M. Dokulil 23

An elementary, structural analysis of river phytoplankton
by C. Rojo, M. Alvarez Cobelas & M. Arauzo 43

Algal assemblages from shallow lakes of the Salado River Basin (Argentina)
by I. Izaguirre & A. Vinocur 57

Environmental control of phytoplankton productivity in turbulent turbid systems
by M. T. Dokulil 65

Origin and succession of phytoplankton in a river-lake system (Spree, Germany)
by J. Köhler 73

Cyanophycean blooms in the reservoir of Val Joly (Northern France) and their development in downstream rivers
by J. Prygiel & M. Leitao 85

Main characteristics of the phytoplankton of the Southern Hungarian section of the River Danube
by A. Schmidt 97

Comparative analysis of the phytoplankton of fifteen lowland fluvial systems of the River Plate Basin (Argentina)
by I. O'Farrell 109

Modelling phytoplankton development in whole drainage networks: the RIVERSTRAHLER Model applied to the Seine river system
by G. Billen, J. Garnier & Ph. Hanset 119

Development and ecological importance of phytoplankton in a large lowland river (River Meuse, Belgium
by J.-P. Descy & V. Gosselain 139

Silica-scaled chrysophytes (Synurophyceae) from some rivers and shallow lakes in Hungary
by K. T. Kiss & J. Kristiansen 157

Ecological observations on *Skeletonema potamos* (Weber) Hasle in the River Danube, near Budapest (1991–92, daily investigations)
by K. T. Kiss, É. Ács & A. Kovács 163

Shallows of the lower Danube as additional sources of potamoplankton
by M. P. Stoyneva 171
The phytoplankton community of the River Meuse (Belgium): seasonal dynamics (year 1992) and the possible incidence of zooplankton grazing
by V. Gosselain, J.-P. Descy & E. Everbecq 179
Bloom formation of *Gloeotrichia echinulata* and *Aphanizomenon flos-aquae* in a shallow, eutrophic, Danish lake
by B. A. Jacobsen 193
Phytoplankton dynamics in a shallow, hypertrophic reservoir (Lake Arancio, Sicily)
by R. Barone & L. Naselli Flores 199
